

Scouts in Action

Sept 7, 2019

Georgia Highlands College

Presented by

September 7, 2019

9am-2pm

Georgia Highlands College - Rome, GA- 3175 Cedartown Hwy, Rome, GA 30161

On September 7, 2019, your Cub Scout will take a GIANT LEAP in ASTRONOMY, ROCKETRY, ORIENTEERING, ENVIRONMENTAL SCIENCE, and MARINE ECOSYSTEMS!

- Open to ALL Cub Scouts
- Work towards the NOVA Science Everywhere Award
- Fish on Paris Lake (fishing gear not provided)
- Siblings and friends are welcome
- Chick-Fil-A available for purchase
- Only \$5 per participant

Learn about propulsion and aerodynamics by building your own water powered rocket. Visit the Georgia Highlands Bishop observatory and learn the science of celestial exploration. Explore aquatic ecosystems with a nature hike through wetlands. Navigate your way with the help of 2,000 year old technology in orienteering. Catch a fish on Paris Lake.

An adult partner is required to attend for for all Lion and Tiger Scouts.

An adult partner is required to be onsite for Wolves and Bears.

No charge for adults

Wear shoes appropriate for walking.

Bring an empty 2 liter soda bottle for the rocket.

Bring a water bottle for hydration, sunscreen, insect repellent, and fishing gear.
